DOCTORS & PHYSIOTHERAPISTS

Glück Germany™
WarMat™
Body Warmer & Pain Support

Glück Germany™

WarMat™

for

Warm Comfort in Winter
and Pain Relief for All

A person is riding a bicycle on a dirt road that curves through a misty forest. The trees are tall and thin, and the fog is thick, creating a serene and slightly mysterious atmosphere. The ground is a reddish-brown color, likely from the soil or fallen leaves. The overall scene is quiet and peaceful.

Glück Germany™

WarMat™

gives

**Warm Comfort
in Winter**

Glück Germany™

WarMat™

Body Warmer & Pain Support

Gives convenient way to give comfort during winter and exactly **where you need heat the most** with minimum use of electricity. Convenient to an extent that you **just spread it under your cotton bed sheet.**

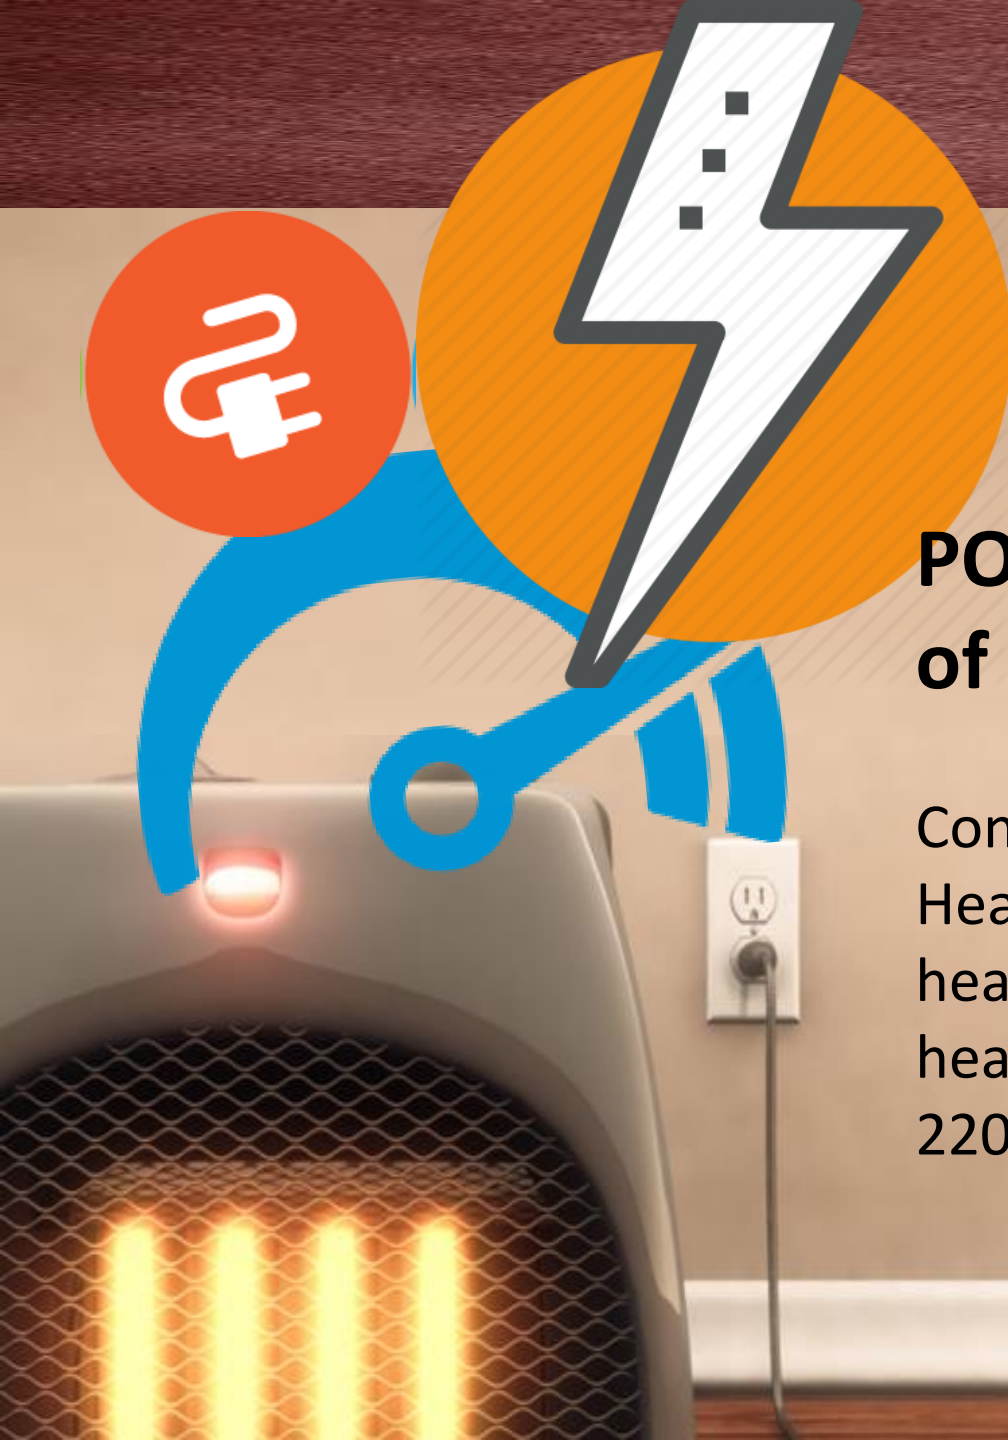

GlückGermany™

WarMat™

OTHER OPTIONS ARE LIKE ROOM HEATERS:

Room Heaters / Space heaters / convection heaters are supposed to steal moisture from body that is why we feel dry . The dry air can steal moisture from wherever it can – walls, floors & furniture.

POWER CONSUMPTION of ROOM HEATERS :

Convection space heaters/ Room Heaters heat up a room by heating up the air, most common heaters use around 1500 watts to 2200 Watts of Electricity

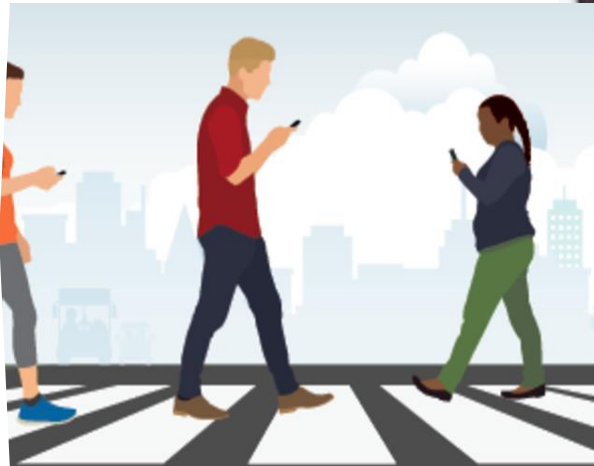

Glück Germany

WarMatTM

gives

Pain Relief for All

THE MAP OF PAIN

HEAD

Source: Pain pract. 2014, Prevalence of chronic pain, Impact on daily life and treatment practices in India by Dureja GP et al; PHD Research Bureau, 2015

We often unknowingly embrace pain due to bad posture habits, which increases pain day by day.

CHECK YOUR POSTURE

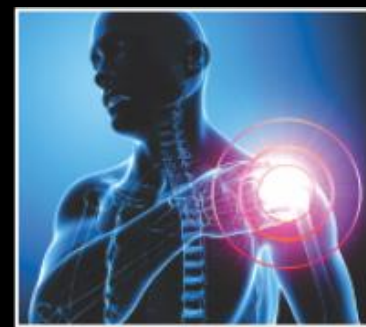

BAD

GOOD

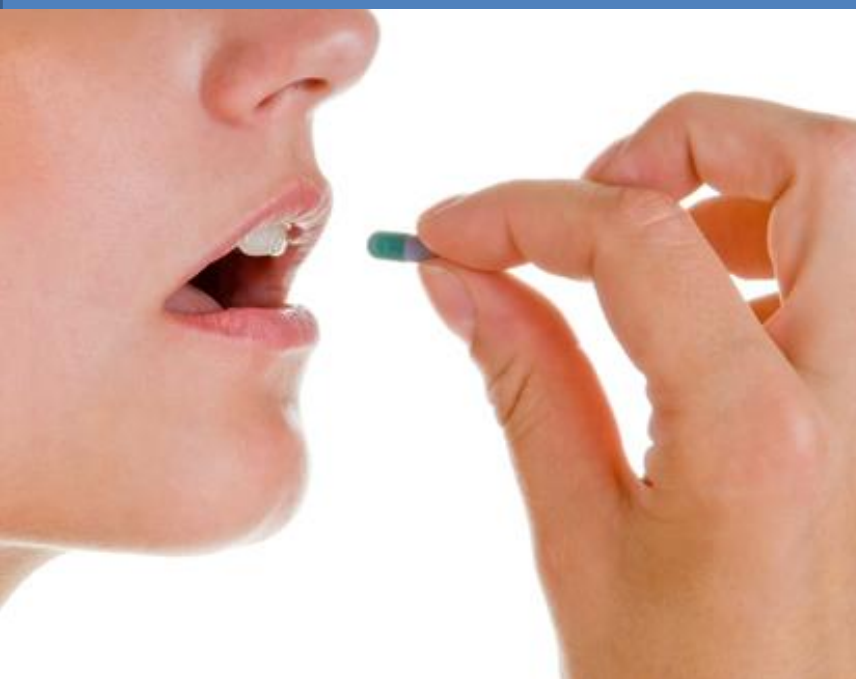

In today's fast forward life we are forced to sit for long hours and carry on with poor & unhealthy posture.

**Most of us have some or other
pain or discomfort.**

**We are living with pain or
discomfort**

We take pain killer medicines which does more harm and damages your kidney and other organs

ABOUT WARMAT

Dimensions : 150cm x 67.5cm

Net Weight : 1.5 kg

Model Number : GGW161

Power Consumption : 40 – 180 Watts

Input Voltage : 230 Volt

WARMING FOR PAIN CARE

Heat application by WarMat facilitates stretching the soft tissues around the spine, including muscles, connective tissue, and adhesions. Consequently, with heat therapy, there will be a decrease in stiffness as well as injury, with an increase in flexibility and overall feeling of comfort.
